About the Program

The **TRANSIT BUDDY PROGRAM** is a safe, personal and one-on-one introduction to the NCTD transit system through the assistance of trained and qualified **Transit Buddy** Volunteers.

Participating in this free program will help you gain the tools and confidence needed to travel safely in and around town.

Your **Transit Buddy** will walk you through the steps in planning a trip on BREEZE buses, SPRINTER and COASTER trains. You will learn how to read the schedules and maps and how to use the rider's guide. Your **Transit Buddy** will be with you every step of the way!

Getting on board

Your **Transit Buddy** will teach you how to ride our transit system, how to pay your fare, and the special accessible features of all the BREEZE Buses, SPRINTER and COASTER trains.

You will also learn how to board and exit the bus safely and how to let the driver know your stop is coming up.

You'll gain greater independence and confidence, knowing you can get out and about on your own.

The best thing about the program is all of the places you can visit and the new friends you will meet. Riding public transit is easier than you may think.

Who can be a Transit Buddy Volunteer?

You can! If you're a North County senior who knows or wants to know how to use the transit system, you could be a **Transit Buddy** too.

Transit Buddies participate in a brief training program to obtain the tools needed to mentor others successfully. They also set their own volunteer schedules. For just a few hours each month Transit Buddies get to explore everything North County has to offer while helping others at the same time.

As a **Transit Buddy** Volunteer you'll also receive great travel privileges aboard the NCTD fleet as our way of saying thanks.

It's as easy as downloading an application at www.GoNCTD.com or calling the Mobility & Travel Training Program at (760) 966-6525 for an application.
