

RUMORS VS FACT!

RUMOR:

If I retire from NCTD I can't work for another company for 60 days.

FACT:

You can work for any private company or Non-PERS public agency immediately. You can not work for another PERS agency for 60 days; and then you can only work 960 hours a year.

RUMOR:

If I retire and work for First Transit I can't keep my PERS retiree health care. I have to take First Transit health care.

FACT:

If you retire you can keep your PERS retiree health care and choose to not accept the health care from where ever you work.

Later, if you decide to take the health care from you new employer, you **MUST** notify PERS that you want to discontinue PERS retiree health care.
