NCTD SUSTAINABILITY INITIATIVE

Workshop to Present Stimulus TIGER Solar Grant

December 2, 2009 10:00am NCTD Board Room

Please join the North County Transit District at a workshop to discuss goals and opportunities related to the 2009 Stimulus Grant for Solar Projects at the District.

The workshop will be jointly hosted by the Sustainability Committee of the Carlsbad Chamber of Commerce and the NCTD at the District Board Room at 810 Mission Avenue, Oceanside, CA, 92054. The workshop will include participants from the NCTD Board, Local Businesses, Cities, and interested community members.

The workshop will focus on potential opportunities for North County Businesses to participate in the District's Solar Initiative. The goal of the grant is to demonstrate the viability of installing solar at a variety of locations within the District, including maintenance facilities, Rail Station and Transit Center Parking Lots, and along Rail Right-of-Way. The District also intends to partner with local entities on plug-in vehicle recharging stations at transit centers.

The District welcomes the feedback of the local business community in designing its sustainability plan and identifying opportunities for future projects.

Agenda

- 10:00 Welcome by Barbara Hamilton, Chair of the Carlsbad Chamber of Commerce Sustainability Committee
- 10:30 Discussion of the potential Solar Implementation Projects and the Bid Process with the District
- 11:30 Discussion of Potential Future Grant Opportunities and Public/Private Partnerships
- 12:00 Adjourn
